Remark: * Gross Capacity based on AS standards (Australia) **Net Capacity based on JIS Standards (Japan)

Colour of actual product may differ slightly from colours printed in this catalogue.

These Mitsubishi Refrigerator products have been type-tested and considered as being in compliance with the safety requirements of the Standard (IEC 335-2-24:1984 & Amendment 1:1987 ISO:15502) and hence approved and entered into the register of Approved Controlled Goods, pursuant to the Consumer Protection (Safety Requirements) Regulation 1991. The registration is not an endorsement of quality control systems which are part of the manufacturing process.
